2 December 2013

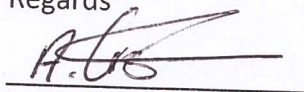

To Whom to May Concern,

Velvet Cleaning has been providing the cleaning services within our communal areas since August 2012. Lukas and his team have always provided us with a high quality of service and are willing to work within our budget.

Velvet Cleaning were additionally contracted in September 2013 to undertake the end of tenancy clean within our entire stock of 151 studio flats. This additional work was completed to an exceptionally high standard and within the required time frame.

Lukas and his team work tirelessly to ensure our site is clean and well presented at all times. We would highly recommend their services.

Regards

Allistair Cranston
